Meet the Louderback Family

By Erica Macomber | photos by KG Photography

If the Loudermilk family had a motto that they would choose to live by, it would be;

***“A mistake is a lesson in disguise.”
And, “Fail fast, Fail hard.”***

Both are incredibly valuable life lessons.

Mike and Tammy first met while starting a manufacturing company. They both happened to be at an Aerospace Manufacturing facility that they were using to begin the company. Tammy was working there, and Mike was buying space. They continued working together in The Composite Aerospace Industry. They were married in San Pedro, California.

Mike holds a Bachelor of Science in

Mechanical Engineering from the University of Delaware and a Master's in Material Sciences. He has worked in the Defense and Aerospace industry for nearly 35 years at companies that include Northrop-Grumman, Meggitt, Cobham, as well as successfully running a start-up. He has managed a full profit and loss of over \$150 million with a strong Operational Background. Presently, Mike assists with running the Loudermilk's property management business that spans Northern AZ. They offer Next Level Experiences for guests at their properties in Prescott, Flagstaff, and Southern CA.

Tammy is a real-estate professional, and she handles the bulk of the communications

and guest experience for the family property management company, while Mike assists with world class business automations. Their business is well represented at their website: <https://nexaerorental.com>.

In their downtime, Mike is an avid mountain and dirt biker. Originally from the Philadelphia area, he is a fully committed Eagles football fan. He also thoroughly enjoys family outings and time spent at the local gym.

Tammy also enjoys off road vehicles, camping, horses, pickleball, volleyball, spending time with their grandchildren. Tammy is originally from Buffalo, New York, and is an avid Buffalo Bills and Sabers fan.

The Loudermilks have four children. Three of them are Mike's stepchildren. (Nichole, Jake & Courtney). Mike and Tammy have one daughter together, Madison, who is 23.

Madison is finishing her Environmental Sciences degree and is a past nationally ranked soccer player formally playing for the ECNL Slammers team, USD college team, and semi pro. She is currently rostered on Semi-Pro team Miss Kicks this coming summer.

The older three kids are adults now, and have children of their own. Mike and Tammy absolutely love to spend time with all seven of their grandkids! By order of age, there is Jayden, Connor, Casey, Emma, Kinleigh, Rylan, and Avaylia.

Jayden is graduating from high school in Spring of 2024 with honors. He loves dirt biking and is currently interning at Empire as a large machine mechanic. Connor, a junior in high school, plays Varsity Football, and Track & Field off season. Casey, sophomore, loves computer gaming, cooking, and sports. Emma is in 8th grade, and plays softball, enjoys spending time with friends, and various outdoor activities. Kinleigh is in 2nd grade and loves anything having to do with animals. Particularly, horses, livestock, and dirt biking- all outdoors. Rylan is also in 2nd grade and races Stacyc e- bikes, loves dirt bikes, and all outdoor activities. Last but not least, Avaylia is in 1st grade and is heavily involved in competitive dance of all genres, loves makeup, and dress up. Interestingly, everyone in the family has played sports at a competitive level! Including the little ones!

The Loudermilk family also consists of two dogs. Gunner, a ten-year-old rescue poodle terrier mix; that does circus tricks! And Trigger, a brand-new rescue! He is a cattle dog mix, and only 13 weeks old. He enjoys tormenting his big brother Gunner.

Mike and Tammy live in the Granite Oaks subdivision. They love their neighborhood and the neighbors they are getting to know. They have found that most everyone is friendly and always open to chat. Originally, the Loudermilk family first moved to Prescott two years ago. Their home closed in August and have been living there intermittently from California for the last 8 months, finally moving in full time in December. They love the varying seasons, the people here in Prescott, and the mix of big and small-town feel. They also appreciate the oak trees, open space, nature, granite mountain, and the beautiful sunsets.

Mike and Tammy would like to share; "To our neighbors we say we are looking forward to getting to know you all and to participating more with coming events. We are also always willing to lend a helping hand!"
